Context (Purpose)

Themes and how it relates

Research Question

Themes (Categories)

Introduction

Sets the context and purpose

Theme 1

Most important and relevant
to your Research

Theme 2

Second Important

Theme 3

Next of importance

Conclusion

States the gap and restates the
purpose which segways to
methodology

Purpose

Meaning

Results- Methodology

Connection

(Use the research (a finding) to how it
connects the next theme for transition)

Theme 1 (each theme repeats)

Source 1

- Define variable
 - Point
 - Proof
 - Connect (Connect to RQ or to other sources/findings or both)

Source 2

- Define variable
 - Point
 - Proof
 - Connect (Connect to RQ or to other sources/findings or both)

Source 3

- Define variable
 - Point
 - Proof
 - Connect (Connect to RQ or to other sources/findings or both)

How it looks

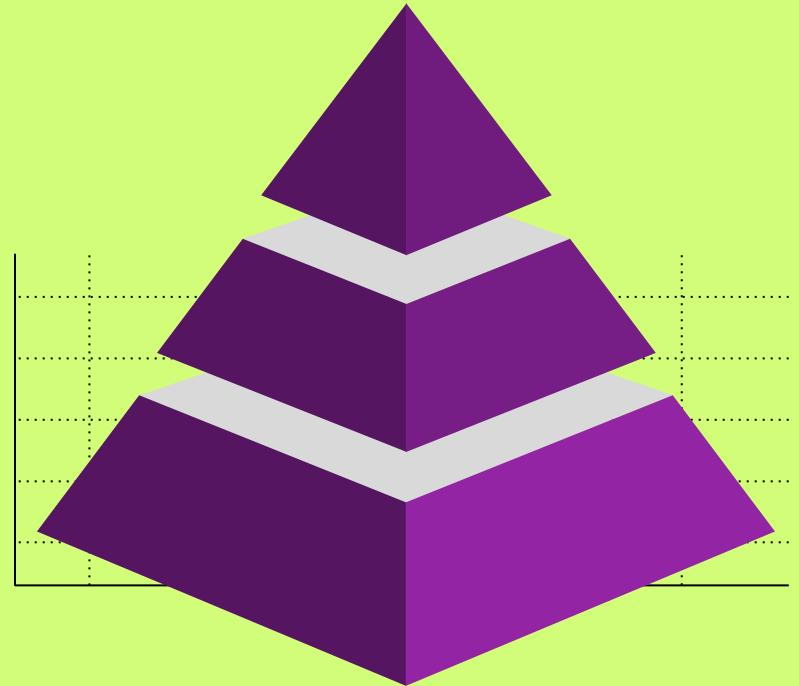

It can be one big paragraph where it is a deep dive into the first source and the other sources are more concise.

OR It can be 3 paragraphs of full annotation for each source

Transition using a finding/research how the next theme is connected.

Conclusion

Restate variables/themes
Highlight the gap
Methodology (what you are going to use)

Format

Introduction, Themes, Conclusion

Word count: 1200-2000 words (it goes towards the word count for your overall paper)

Subheadings (Themes)

Transition using a finding (Use the research how they are connected)
